

End-Of-Life Notice

MC5727 and MC5727V PCI Express Minicards

July 5th, 2011

In the continuing effort to provide timely, technically current, and cost-efficient embedded wireless modules, Sierra Wireless is hereby announcing the end-of-life for our MC5727 and MC5727V EVDO PCI Express Minicard products.

SKUs affected by this are:

Product	SKU
MC5727,GENERIC,SPRINT,01.67.01	1100947
MC5727,GENERIC,VERIZON,01.67.00	1100948
MC5727,GENERIC,TELUS,01.67.04	1101211
MC5727,GENERIC,GENERIC,01.67.00	1100954
MC5727V,GENERIC,SPRINT,01.67.01	1100877
MC5727V,GENERIC,VERIZON,01.67.00	1100879
MC5727V,GENERIC,GENERIC,01.64.01	1100880

For the MC5727 and MC5727V:

- Purchase orders will be accepted until August 31st, 2011
- Last shipments will be December 31st, 2011

Acceptance of purchase orders will be subject to component availability.

Sierra Wireless will continue to support the next-generation EVDO products: MC5728V, MC8355, SL5010, and SL5011.

Sierra Wireless will continue to provide support to MC5727 and MC5727V customers for existing applications, with support and technical assistance on a reasonable commercial basis until December 31st, 2012.

Customers wishing to extend the life of a platform that has integrated the MC5727 or MC5727V have two (2) options. 1) Purchase sufficient quantity of the MC5727 or MC5727V before the last purchase date to support the projected life of the platform. 2) Customers can integrate a next-generation EVDO module.
